

DentalEZ Chairs & Stools

Simplicity, Durability and Value

DentalEZ chairs provide comfort and flexibility at an exceptional value, allowing dentists and hygienists to perform a full range of procedures efficiently. The thin, narrow backs on our patient chairs provide better access to the oral cavity, and also allow the dentist to get closer to the patient, for more comfort.

CORE™ Chair

- Hydraulic cantilever mechanism
- Heavy duty cast iron chair frame
- Cast aluminum chair back, base, armrest and headrest
- Double articulating headrest (See Figure A)
- Flip down armrests for easy patient entry and exit
- Touch pad control with four programmable preset positions (See Figure B)
- Available in standard Naugahyde and NaugaSoft upholstery (6 colors - Ultraleather also available)
- 30-degree swivel rotation with lock (See Figure C)
- Optional foot control with programmable preset positions (See Figure D)

NuSimplicity™ Chair

- 12-3/4-inch width at top of chair back providing easy patient access
- Simple controls including auto return, last position, 3 presets and manual settings
- Adjustable height from 15 inches to 35.5 inches for sit-down or stand-up dentistry
- 60-degree rotation for optimal positioning
- Illuminated "on" indicator that provides error codes making troubleshooting easy
- Optional surgical accessories
- Available with optional exclusive Air Glide technology making moving the chair simple with the touch of a finger
- Multiple upholstery options available

Simplicity® Stools

- Broad caster base with 5 casters for stability
- Adjustable back support on doctor's stool; optional on assistant's stool
- Easy height adjustment — doctor's standard medium cylinder; assistant's standard tall cylinder
