

Aeras® by Ramvac® knows before you do.

Aeras
Ramvac

Your utility room is the heart of your practice. It has to work. It should never disrupt or distract you from improving the lives of your patients.

NOTIFICATIONS: you will get alerts and maintenance notifications so you can stay ahead of potential problems.

EASY SETUP: no wires to install, wifi to connect or apps to download. Equipment connects automatically through cellular and information is accessed through any web browser.

AUTOMATED SCHEDULING: automate daily activation and shutoff. Simply set it and forget it. When treatments run late, the equipment will sense activity and maintain power until the dentist is done.

COMPREHENSIVE DASHBOARD: get a bird's-eye view of a practice's entire back-office operation, including detailed technical outputs, configuration options and service records.

WARRANTY: we give you more than what you pay for – delivering durability and the industry's longest warranty period, covering all parts up to 6 years.

KNOW BEFORE AT NO CHARGE!
Every Aeras compressor or vacuum
comes standard with smart monitoring.

Built to Perform Under Pressure

DRY, CLEAN AIR:

Dry air from compressor prevents bacteria growth and air is filtered to 0.01 microns, trapping most airborne bacteria and microbes.

QUIET AS A CONVERSATION:

The new integrated compressor Sound Shield provides sound level that is quiet as a conversation.

DEPENDABLE AND LONG-LASTING:

Because Ramvac vacuums are lubricated, they far outlast non-lubricated systems, and the unique rocking-piston design of the compressor doubles the life of the compression rings compared to a standard piston design.

GENERAL COMPRESSOR INFORMATION

Item No.	Voltage	Dimensions W x D x H (in)	No. of Users	Breaker Size
C3-12	115v / 230v	30" x 21" x 26"	3	15 amp
C3-12SS	115v / 230v	30" x 20" x 26"	3	15 amp
C4-12	115v / 230v	30" x 21" x 26"	4	20 amp
C4-12SS	115v / 230v	30" x 20" x 26"	4	20 amp
C6-2	230v	35" x 25" x 30"	6	20 amp
C7-2	230v	35" x 25" x 30"	7	30 amp
C11-2	230v	41" x 29" x 32"	11	40 amp

GENERAL VACUUM INFORMATION

Item No.	Input Power	Stacked Dimensions (Pump and Tank)	No. of Users	Breaker Size
RV4-12T	115v or 230v, 1 ph 60 Hz	29" x 19" x 48"	4	15 amp
RV5-2T	230v, 1 ph 60 Hz	33" x 21" x 59"	5	20 amp
RV7-2T	230v, 1 ph 60 Hz	33" x 21" x 59"	7	20 amp
RV10-2T	230v, 1 ph 60 Hz	33" x 22" x 59"	10	20 amp
